A phone interview, in English only, will be conducted with a dedicated Lincoln team member. An appointment reminder is available for the client upon request, via text message or email.

Based on information obtained from eTicket and Tele-App interview, your client qualifies for lab-free underwriting.

Instant underwriting results using leading edge automated technology.

Electronically issue the policy—providing same-day access for client delivery.

Underwriting decisions are based on the information your clients provide during their interview, so give your clients our Tele-App worksheet to help them prepare.
